1 Q. Thank you. This document is going
2 to be marked 1147.

3 (Exhibit Number 1147
4 marked for identification.)

5 BY MR. COREN:

6 Q. It is a prescription order form it
7 bears the date of April 5, '11. On the record
8 the names of the patients will be redacted out,
9 okay?

10 First of all, do you recognize any
11 of the handwriting on that form?

12 A. Yes.

13 Q. Whose handwriting is that?

14 A. My handwriting and Dr. Bhambhani.

15 Q. And Dr. Bhambhani's handwriting is
16 the signature at the bottom?

17 A. Correct.

18 Q. Does her handwriting appear anywhere
19 else on the form?

20 A. The DEA number.

21 Q. Okay. Now, there are names, patient
22 names. Are those the names that earlier today
23 you discussed that you would pull from random in
24 order to fill out the form?

25 A. Well, not at random, they would be

1 on a previous schedule.

2 Q. Okay. So, everybody whose name
3 appears on this list already had their steroid
4 shot, correct?

5 A. Unless they were canceled
6 previously, yes.

7 Q. Okay. So, there may be even some
8 patients names who were listed who never ever had
9 the shot at all?

10 MS. STEINER: Objection as to form
11 and foundation.

12 THE WITNESS: It is possible.

13 BY MR. COREN:

14 Q. Okay. Do you think it was likely or
15 do you think it is more likely all of those names
16 are somebody who previously had a steroid shot?

17 A. It is possible.

18 Q. Okay. Now, there is an indication
19 for a patient next to, on the last column that
20 has the Number 5, correct?

21 A. Yes.

22 Q. And is that indicating the number of
23 vials?

24 A. Yes.

25 Q. Is it fair to say that no one

1 patient in your experience ever had five vials of
2 NECC MPA administered to them?

3 A. I couldn't say. It would depend on
4 their history.

5 Q. Are aware of any?

6 A. Not to the best of my knowledge.

7 Q. Okay. You can't, are you able to
8 say to reasonable certainty that every one of
9 those patients whose names are listed received
10 five vials of NECC MPA?

11 MS. STEINER: Objection as to form
12 and foundation.

13 THE WITNESS: I really couldn't say
14 because I don't know their history.

15 BY MR. COREN:

16 Q. Why did you put five vials next to
17 each patient's name on their order?

18 A. NECC said we could order five vials
19 per patient to obtain the quantity that we needed
20 for future injections.

21 Q. Who at NECC told you that?

22 MS. STEINER: Objection as to
23 foundation.

24 THE WITNESS: Nobody from NECC told
25 me. I was instructed by Kim Brockmeyer that

1 patient's names, five vials per patient.

2 And you did that, correct? That was
3 the process you followed?

4 A. Yes.

5 Q. Okay. And then, the drugs came in.
6 How were they delivered?

7 A. UPS or FedEx.

8 Q. So, usually they came a few days
9 after you placed the fax order?

10 A. A few days to a week after.

11 Q. Now, the, in the UPS or the FedEx
12 package, who opened it when it was received?

13 A. Most of the time it would be me.

14 Q. Okay. And when you opened the box,
15 what did you find in it?

16 A. Wrapped in bubble wrap were silver
17 sealed packages with five vials per package.

18 Q. Okay. Was there anything else in
19 the envelope or the box?

20 A. On the pouch would have the name of
21 the medication and the patient's name.

22 Q. Okay. And that corresponded to, say
23 there were on your list ten names. There would
24 be ten foil packages?

25 A. Correct.

Page 125

1 Q. Okay. And each foil package would
2 have a patient's name on it, correct?

3 A. Correct.

4 Q. Okay. Did you understand that what
5 had come in was a prescription for that patient?

6 MS. STEINER: Objection as to form.

7 BY MR. COREN:

8 Q. Of five vials?

9 MS. STEINER: Objection as to form
10 and foundation.

11 THE WITNESS: No.

12 BY MR. COREN:

13 Q. Did you ever come to learn that?

14 A. No.

15 Q. Okay. Now, if that was a
16 description for the patient's name who appeared
17 on the pouch that contained five vials, would you
18 agree with me that the people that were being
19 administered the steroid from those vials was
20 getting something that was prescribed for a
21 different patient?

22 MS. STEINER: Objection as to form
23 and foundation. Calls for a legal
24 conclusion.

25 You could answer as a fact witness,
